OUTLINES.

The Greensboro Centennial and the sessions of the Good Roads and Peace Congresses, were yesterday attended by the largest crowds ever seen in Greensboro. A feature of the celebration was the parade of the Knights of Pythias—As the result of an explosion of an engine on the Southern railroad at Mayo, Va., last night, Engineer Pharr was instantly killed, and two others were injured—Charles W. Morse and Alfred H. Curtis, former officials of the National Bank of North America, are being tried in New York for alleged violations of bank laws—Of the twenty-four contestants for the International Trophy in the balloon race in Germany, all but one have been heard from, and several narrow escapes and disasters are reported—President Roosevelt yesterday delivered an address to the Railway Signal Association, which are in session in Washington—Nine new men are on the directorate of the Boston and Maine Railroad—The schooner George May, Charleston, Sept. 28th, for New York, arrived yesterday in bad condition from the storms encountered—Bryan made twenty-two speeches in Nebraska yesterday—Colonel Tucker of the United States Army, arrested in Illinois for wife desertion, was taken ill in St. Louis and cannot be moved from his hotel—Enrique C. Creel, Mexican ambassador at Washington, has resigned—The grand jury of Queens county yesterday began the investigation of the Ann-Hains murder—It having been denied that the President has offered the place of Commissioner of Immigration to Keefe, on condition he would support Taft, the Democratic National committee gives its authority for the statement—The Democratic campaign fund has now reached \$245,000—Taft yesterday closed his three days' tour in Ohio. There was another accident to his train—The alleged assailant of Miss Tucker was spirited from Salisbury jail for fear he would be lynched last night—New York markets: Money on call steady at 1 1/4 to 1 3/4 per cent, ruling rate 1 1/2, closing bid 1 1/2, offered 1 1/2. Cotton quiet 5 points up, middling uplands 9.20, middling gulf 9.40. Flour firm, with a quiet trade. Wheat firm, No. 2, red 107 7/8 to 108 7/8 elevator. Corn easy, No. 2, 83 1/4 nominal elevator. Oats steady, mixed 52 to 52 1/2. Rosin quiet. Turpentine steady 39 1/4.

Colonel Stewart has one consolation. Roosevelt can't keep nagging at him now.

Archbold, of the Standard Oil Company, should get rubber stamps with the words "Burn this letter."

Don't you know that Wake county negro who was fined two dollars for killing a 'possum out of season thinks he has been terribly imposed upon?

Taft says "I shall be elected President." Bryan says "I am confident of success." Of course neither would admit it if he did not expect to be elected.

Now let that labor leader in New York produce the evidence that Keefe has sold out to Roosevelt for office. If the fact can be established it should be done.

Russia is keeping mighty quiet over affairs in the Balkans. Is she still stunned by her defeat by Japan or is she simply awaiting her opportunity?

The Columbia State newspaper is horrified because the "muck-rakers" have begun on dear old William Penn. The story about how he swindled the Indians in that land trade is nothing new.

The Charlotte News says that "the Greensboro Record will talk about that centennial for the next hundred years." Oh, no. Fifty years from now it will begin to talk about the next one.

If those old fellows who fought the battle of Guilford Courthouse could have arisen from their graves and seen it reproduced by soldiers using magazine rifles and Gatling guns what would they have thought?

The Circuit Court of Appeals at Atlanta refused to set aside Judge Pardee's supersedeas of Judge Speer's ruling in the railway rate case, but required the railroads to give bonds in the sum of \$100,000 to protect the plaintiff's rights.

According to the New York Herald's latest election forecast Taft has 188 votes "reasonably sure" and Bryan 166. Sixty-five are put down as doubtful with Republican leaning and 19 with Democratic, leaving 45 votes in the balance.

The Governors of New Jersey, Virginia, North Carolina, Georgia and Florida will take part in the program of the National Prison Association which will meet in Richmond in November. Governor Glenn will stand at the head of the class in oratory.

RALEIGH FAIR OPEN

Immense Crowds Thronged The Grounds Yesterday and Were Pleased With Exhibitions.

STATE FAIR GATHERING

Maj. W. A. Graham succeeds Gen. Carr as President. Discussed Charters of the Zebulon Man Arrested.

(Special Star Correspondence.) Raleigh, N. C., Oct. 14.—Immense crowds characterized the second day of the State Fair. A splendid parade of exhibition stock, the grand parade of marshals, and officials and distinguished visitors, two successful flights of the air ship and a series of exciting races were the special features of the day, the great fair proving a record breaker in crowds and special attractions.

The M. P. Jones Co., Fayetteville, receives a charter for general mercantile business, the incorporators being M. P. McEachern, D. T. Perry and others, with capital \$50,000 authorized and \$5,000 subscribed.

The State Commissioner of Insurance cancels the license of the Independent Life and Health Insurance Co., Atlanta, to do business in North Carolina because of unsatisfactory results of investigation, one objection being excessive salary list.

A charter is issued for the Gastonia Farmer's Union Warehouse Co., Gastonia, capital \$25,000 by T. H. Hood and a great number of farmers of Gaston county for general warehouse business in handling and marketing cotton.

A complete and luxuriously furnished home, drawing room to kitchen is one of the unique features of the State Fair here, a large part of the furnishings being North Carolina products, the finest mahogany for drawing room, library and dining room and brass and mahogany bed rooms being especially attractive features. It is installed by The Royal & Borden Furniture Co., of Goldsboro, Raleigh, and other North Carolina points.

J. P. Underwood, a prominent citizen of Zebulon, this county, was this morning committed to jail without bail to await the result of dangerous knife wounds inflicted last night on E. B. Barbee, one of Raleigh's most prominent citizens. Mr. Barbee having a great number of cuts about the neck, breast, side and back, one near the heart, being especially dangerous. Blood poison is Mr. Barbee's most serious danger.

The North Carolina Confederate Veterans Association tonight elected Major W. A. Graham president to succeed General J. S. Carr and re-elected Captain S. A. Ashe, secretary. General Carr insisted on some one to succeed him.

General Carr, Colonel Thomas S. Kenan and M. O. Sherrill were named as a special committee to memorialize the Next Legislature for a special provision for marking on Civil War battlefields points occupied and the part taken by North Carolina troops. The Legislature will also be urged to make further pension provisions so provision will be made for several classes of totally disabled soldiers. In a statement to the Association by State Auditor B. F. Dixon, himself a valiant Confederate soldier, it was shown that the State is now paying in Confederate pensions \$435,000, about all the State can afford, he said, unless there are marked economies in some other departments of government expenses.

THE FALL RECEPTION

Event of Interest at Y. M. C. A. Tomorrow Evening.

The members and friends of the Y. M. C. A. are manifesting much interest in the annual Fall reception which will be held at the Association building tomorrow evening. The Ladies' Auxiliary and the social committee are arranging the details for this occasion and the reception hall is being prettily decorated. Following the custom of former years, the building will be thrown open to all and a cordial welcome is extended.

There will be no skating tonight in the gymnasium, owing to the preparation being made for the reception. The senior gymnasium class will meet this evening at 8 o'clock.

The membership committee will form itself into two baseball clubs, for indoor games, the first of which will be played next Saturday night.

PRETTY FALL WEDDING

Miss Ethel May Cheek Becomes Attractive Bride of Mr. W. T. Farris at Home of Bride's Parents. Elegant Reception Followed.

One of the prettiest of the Fall home weddings in Wilmington and a social event of much pleasurable interest to their many admiring friends, was the marriage of Miss Ethel May Cheek, the attractive young daughter of Mr. and Mrs. E. M. Cheek, and Mr. William Tucker Farris, yesterday afternoon at half after five o'clock in the presence of a large gathering of relatives and friends, at the home of the bride's parents, No. 20 North Fourth street.

The home was most attractively decorated for the pretty nuptial affair, the colors of green and white, prevailing in the handsome parlors of the handsome home where the ceremony took place. Ferns, Southern smilax, potted plants and cut flowers were arranged in delightful harmony with the general decorations and the ceremony was performed at a beautifully improvised altar, Rev. Fred D. Hale, D. D., pastor of the First Baptist church officiating.

The attendants were Miss Eloise Cheek, as maid-of-honor, and Mrs. John Hardy LeGwin, dame-of-honor. The bridesmaids were Misses Louise Orrell and Lillian Davis, and they were becomingly attired in white French nainsook, and carried large white caryantheums. The bride wore a handsome travelling suit of Armour blue, with hat to match, and carried bride's roses. Mr. Harry Newland, noted as best man, and the ushers were Messrs. W. A. McGirt and Thomas King.

A pretty reception followed the marriage, at which the friends of the young people greeted them with the happiest congratulations. Mesdames L. H. Martin and B. T. Hopkins presided at the punch bowl and the dining room was tastefully decorated, the color scheme being pink and green.

Immediately after the reception the couple repaired to the station and left over the Atlantic Coast Line for a bridal tour in northern cities, returning from which they will reside at No. 119 Ann street.

Mr. Farris is an enterprising young business man, with a host of friends, and the bride is an attractive young lady, much admired for her sweet disposition and fine traits of character. A wealth of beautiful wedding gifts gave striking evidence of their great popularity in this city. They will be most cordially received upon their return to make Wilmington their future home.

NEGRO SEVERELY CUT.

Quincy Lewis Injured in Altercation With Gaston Moore.

During an altercation between Quincy Lewis and Gaston Moore, at the Hilton Lumber Company's plant yesterday morning about 11 o'clock, the first named received a severe cut in the throat, which is very painful, but the wound is not serious and the Moore negro, who hurriedly made his escape, was also injured from blows dealt him over the head with a stick.

Lewis was carried to the James Walker Memorial Hospital, where his wounds were examined and it was discovered that the slash on the side of his neck had severed only one or two superficial veins, the jugular being intact. Information from the hospital last night was to the effect that the injured man is doing very well and will recover.

Sheriff Cowan and Constable Savage went in search of Moore with bloodhounds but he had made his escape some time before they reached the scene of the trouble, going over the Hilton bridge into Brunswick county. From what is learned, it seems that Moore assaulted Lewis with the knife after he had struck him three blows with a heavy stick and that he was acting entirely in self defense.

THE JOINT CANVASS BEGINS AT SOUTHPORT

(By Long Distance Telephone.) Southport, N. C., Oct. 14.—Following the Democratic County Convention at Lockwood's Folly today at noon, at which Presidential Elector H. L. Cook, of Cumberland, delivered a ringing speech and a full ticket was placed in the field with every prospect of success, Hon. H. L. Godwin and his Republican opponent for Congress, Colonel A. H. Slocomb, began their joint canvass of the Sixth District in the Court House here tonight.

Those who heard the debate went away fully satisfied that Mr. Godwin will be well able to take care of himself in the district and that the joint debate between him and Colonel Slocomb will result in a boom for the Republicans. Both speakers leave tomorrow morning for Wilmington where they will speak in the Court House at night. Their next appointment then is Whiteville, Friday morning at 11 o'clock. Boardman at night; Pembroke, next Monday night; Elizabethtown, Tuesday night; Clarkton, Wednesday at 2 P. M.; Lumberton Wednesday night; Red Springs Tuesday at 11 A. M.; Parkton, the same night; Angier, Monday, 26th, and Duke the same night.

MANY WERE CALLED

But Few Chose to Rally to Call of Hearst Independence League Last Night.

MET IN GERMANIA HALL

Ex-Congressmen Howard, of Alabama, and Shober, of New York, Made Ineffectual Appeal to Small Audience in New Hanover.

The Republican side-show masquerading under the name of the Hearst Independence League, having for its manifest purpose the breaking of the Solid South so earnestly desired by Mr. T. R. Taft, and featuring ex-Congressmen J. M. Howard, of Alabama, and F. E. Shober, of New York, was pulled off according to advertisement last night in Germania Hall, on South Front street.

Many were called but few were chosen, or rather chose, to be present at the meeting, the attendance having at no time exceeded one hundred. The Delgado Band had been engaged to whop up a following, a car had been sent around the belt with long streamers heralding the arrival and first appearance of the Hearst forces but the voters were slow to respond. Some of those present, including County Chairman Furlong, of the Democratic Executive Committee, several Aldermen of a very Democratic administration, and other prominent party workers were drawn thither out of idle curiosity but the "real independents" in rock-ribbed Democratic New Hanover were very few and the enthusiasm did not reach the altitude commonly reputed to such meetings.

Mr. W. V. Sellers, president of the Hearst Independence League formed here some weeks ago by ex-Congressman Shuford, presided at the meeting and presented the speakers. Ex-Congressman Howard was first to address the meeting. He had just arrived the day before from Columbia, S. C., and was suffering from a very deep cold but spoke for nearly an hour expounding the tenets of the Independence Party and charging all sorts of things to the Democratic party as now constituted, arrogating to his own party all that is good and pure and holy from the Democratic party as it was in the days of Jefferson and Jackson. The applause, except when he essayed to pay a tribute to Southern manhood and womanhood, was led by ex-Congressman Shober, who had been on the ground a couple of days and recognized the need of whop-up for the good of the party. Mr. Howard poured hot shot into Mr. Bryan and all the other leaders of the Democratic party and made an appeal to voters to break the Solid South, characterizing it now as a football to be kicked hither and yon because of its Democratic solidity. He paid his respects to Connors, Mack, Taggart, McCarran and other National figures affiliated with Tammany.

Mr. Shober followed Mr. Howard, but he too confessed to an indisposition which forbade any extended remarks. Proudly boasting of his North Carolina nativity, he also took a shot at the Solid South and paid high tribute to the nominees of his party, Messrs. Higgen and Graves, stating that an electoral ticket for these two gentlemen would be at the polls on election day and a vote for them, while probably not successful, would be in the nature of a registered protest against the existing order of things.

Both Mr. Shober and Mr. Howard are engaging speakers and men of attractive personality and were given nothing if not a respectful hearing but it cannot be said that they made votes for their party upon their visit to New Hanover. They leave today for other points in the State where meetings will be held in the interest of Mr. Hearst's party.

SUPERIOR COURT DOINGS

Jury Returns Verdict For Plaintiffs in Sloan & Sweeney Suit—Horse Trade Now Holding Boards. Burriss Damage Suit.

After remaining out less than an hour the jury which had in hearing the case of Sloan & Sweeney against Miss Etta Hart and others, after argument by counsel and charge by His Honor, Judge Lyon, returned a verdict in the Superior Court yesterday, awarding the plaintiffs the full amount of \$373.31 for which they were suing in the interesting case involving possession of the store on South Front street.

It required the better part of the forenoon session of the court to complete the trial yesterday and only one other unimportant case was taken up, that of Griffith Brothers against W. A. Willson, Jr., in which a verdict was given the plaintiffs for \$120, balance on contract which was in controversy between the litigants. Walter P. Gafford, Esq., appeared for the plaintiffs and Messrs. Herbert McClammy and A. G. Ricard for the defendant.

Cases of D. M. Gregg against S. J. Sligh & Co., and the Atlantic Coast Line, Railroad Co., and R. T. Anson against W. S. McDiarmid were continued until next term, the latter for the defendant. The case of B. Cox against W. A. McGowan and the Gerken Tobacco Company was also continued for the defendants. The case of J. A. Taylor against A. P. Thomas was continued and set for the second case of the next civil term of court.

When court took a recess for the day yesterday afternoon at 5:30 o'clock the evidence had just been completed in an interesting case involving all the intricacies of a horse trade between Messrs. Walter Sneeden and Ralph Kennedy. Such well known experts as T. P. Sykes, J. D. Sidbury and others were introduced as experts, a horse traded to Mr. Kennedy and valued at \$31 being alleged to have been "bellowed" the morning after delivery to the new owner for a jackass received by Mr. Sneeden with \$10 to boot. It developed during the trial that the horse has since died and that Mr. Kennedy had regained possession of the jackass but the entanglements are such that the court has been called upon to pass upon the issues. Appearing for Mr. Sneeden are Hon. John D. Bellamy and Herbert McClammy, Esq., while Mr. Kennedy is represented by Walter P. Gafford and Woodus Kellum, Esq. The case will be concluded when court convenes this morning, the jury empanelled being composed of Messrs. J. Fred Rags, J. A. Northam, J. M. Woodard, J. F. Hudson, D. B. Baas, E. T. Malpass, M. Carroll, P. Pearlsall, J. W. Fales W. J. Spooner, E. L. Hewlett, E. J. Hardison.

It is expected that the \$10,000 damage suit of Capt. J. A. Burriss against the City of Wilmington will be taken up today, the plaintiff suing on account of injuries received several years ago by falling into an excavation near his home on South Front street. Hon. Jno. D. Bellamy and Jos. W. Little, Esq., appear for Capt. Burriss while City Attorney Marsden Bellamy, Jr., and ex-Judge E. K. Bryan represent the city.

NEGRO LABORERS INJURED.

Buried Beneath Collapse of Cement Construction at Carolina Heights.

Tom Brown and Albert Green, two of about 25 negro laborers employed by Messrs. W. L. DeRosset, Jr., and A. D. O'Brien on some construction work at Carolina Heights, were buried beneath eight feet of concrete, stone and earth as the result of the collapse of an eight-foot wall at the works yesterday morning about 7 o'clock. The men had undermined the wall of a concrete basin to make some pipe connections when the wall gave way and fell on them before they had an opportunity to get from under. Fellow workmen set at once to digging a trench and in about half an hour the two men were taken out more dead than alive, though they later regained consciousness at the James Walker Memorial Hospital to which they were sent and were reported from there last night as doing very well with the probabilities in favor of their recovery. One of them has a fractured hip or pelvis but the other is only slightly injured. Unless internal injuries develop both are said to have a splendid chance of recovery.

Charged With House-Breaking.

At the session of the Mayor's court yesterday Norman Parker, colored, was tried on the charge of house-breaking and robbery, and was committed to jail in default of \$100 bond for his appearance at higher court. The accused is alleged to have entered the home of Hampton Robinson, colored, while he was away from home, and after breaking open his trunk took therefrom a suit of clothes. He was arrested by Officer C. E. Wood. Lucy Rickett, colored, swore that she saw Parker coming from Robinson's home on the evening of the robbery.

CHICAGO CHAMPIONS

Won Fourth of World's Series From Detroit Tigers in Fast Game Yesterday.

GOES TO NATIONAL LEAGUE

Exhibition Games For Benefit of Champion to be Played This Week—Gridiron Results on Several Fields.

(By Wire to the Morning Star.) Detroit, Mich., Oct. 14.—By defeating Detroit this afternoon 2 to 0, the Chicago team of the National League retained its title of the champion baseball team of the world. Detroit snatched one victory out of the five games played.

The Chicago team, according to the critics showed superiority in every department of the game as a whole but this superiority was not so apparent on the day that the Detroit batted a victory off Pfeister's curves. Detroit was handicapped by Schmidt's inability to cut down runners at second, and by failure of her heavy hitting outfield to bat when hits meant runs. None of the Detroit pitchers seemed able to consistently puzzle the Chicago batsmen. Throughout the series Chicago's hitting was opportune. The occasions were rare when with men of bases and runs needed a Chicago batsman was not there with the needed hit.

The games were singularly free from squabbling and on only two or three occasions were the decisions of the umpires questioned. The series created less interest in the two cities than that of last year, if the attendance may be taken as a guide. The paid admissions were only 62,232 for the five games, and the receipts totaled but \$94,976, as compared with \$101,000 last year. The attendance at the final game this afternoon was but 6,210, with gross receipts of \$9,577.50. Of the money taken in, the players of Chicago, the winning team, get \$27,669, and the Detroit players, \$18,446. The club owners get \$19,681 apiece and the National Commission \$9,497.

When the last man on the Detroit side went out today, the pendulum of victory ceased its swing between the two leagues. In 1903 the world's championship emblem went to Boston of the American League; in the succeeding series, New York brought it back to the National League. In the following year the Chicago "White Sox" re-captured it for the younger organization. Last year the Chicago "Cubs" brought it back to the National League by defeating Detroit. But this year the flag remains with the National League Club in Chicago.

There is gloom in Detroit tonight. The black stripes which alternated with yellow in the scheme of decoration look like crepe hung out for the death of hopes that are gone. The Detroit Tiger has no smile on its face. But there is one bold spirit which does not know the meaning of the word defeat. This dauntless heart beats in the breast of Manager Hugh Jennings, of Detroit. He believes in his team—believes that it will yet prove its superiority over all comers—and he does not contemplate past defeats, but looks forward to another year and another struggle which may have another result. Jennings was not beaten today until Schmidt's foul in the ninth had found secure and final lodgment in Kling's capacious mit. Through the fierce up-hill battle this afternoon he stood on the coaching line off first base coaching the runners on every move and spurring the batsmen on to make their best efforts. No success of the rival team and no failure of his own club dampened his determined cheerfulness. There was never a falling note in his cry of "Wee-ah," and any slight advantage set him to executing his peculiar war dance.

A feature of the game was Schmidt's recovery of his throwing arm, which had not been working well during any previous game. Chicago was not able to steal a base on him for the first time during the series. He handled two bunts in clean fashion, retiring his men at first, and he broke up an attempted double steal by Evers and Chance.

Overall for the second time pitched a mastery game. Only three hits were made off him and one of these would have been an easy out had the ball not taken a bad bound. He was wild at times giving four bases on balls, but his strike outs numbered ten. One of these strike outs, however, occurred when Rossman made his third swing at a wild pitch, enabling him to reach first safely. Donovan, on the other hand, met with a very vigorous reception in the first inning when three hits sent Evers over the plate with the first run of the game. With the exception of the fifth inning, when a base on balls and Evers' double gave Chicago another run, Donovan managed to keep the hits scattered. It is probable, however, that Chicago would have run up a larger score had it not been for the brilliant work of Detroit's infield. O'Leary's spectacular

THE COTTON CROP.

In its weather and crop article for this week the New Orleans Picayune has this to say of the cotton crop prospects:

"The past week has been blessed with favorable weather in the Cotton Belt as a rule, although in the more northerly sections the temperature has been somewhat too low to permit of further making of cotton. The close of the week developed light frosts in many portions of the Western belt, but it is not believed that important damage was done. On the Atlantic coast there have been rains, but the precipitation was not considered excessive by any means.

"Taking the Cotton Belt as a whole the weather has been highly favorable for picking and ginning, and as a result excellent progress has been made, and the movement to market has been on an unprecedented scale for this period of the year, notwithstanding the reported unwillingness of many farmers and interior merchants to sell at present prices. In many portions of the belt considerable cotton is being held back, and warehouses in many districts are reported to be full of held cotton.

"As to the ultimate yield, it would be useless to attempt estimates until there has been a killing frost, as the good weather is undoubtedly adding to the yield in the more southerly portions of the belt. The Texas crop will undoubtedly be a good one, but the crop of the central portions of the cotton district is apt to prove somewhat disappointing. The crop on the Atlantic coast is variously estimated, but the consensus of opinion favors a slightly smaller yield than last year."

It seems that only in the extreme southern part of the belt would an early killing frost cut the crop short. In all other parts the crop has about matured, and all that is needed is good weather for gathering. We are glad to note that, even with the large amount that is being marketed this early in the season a great deal is being put in warehouses by farmers who intend to hold it for a while.

PRESIDENT ROOSEVELT.

It surely took a lot of gaul for Roosevelt, after being elected four years ago with the aid of Standard Oil Company money, to denounce Foraker for acting as attorney for the same corporation; but then it is none of our fight. In fact we would like to see him pitch into some more Republicans and drive them out of the party by his abuse. His treatment of men of his party who do not agree with him or will not submit to his dictation is of a character to cause party breaches which are hard to heal.

Roosevelt's conduct during this campaign has been that of a man who has had his temper ruffled by disap-

pointment. No doubt he has had a feeling of chagrin that his declaration not to be a candidate for re-election was so generally accepted and acquiesced in by the members of his party. Even had he made up his mind to decline the nomination if tendered, the fact that he was put aside in such a matter of fact way was not at all soothing to his vanity. From the time the question was first raised he saw that to get the nomination he would have to make a desperate fight for it, and even with such a fight there would not be certainty of success. The next best thing was to force upon the party the man of his choice and one who if elected would represent his policies. In this way he could, in a measure, triumph over his opponents, and in this way he is making them suffer for their opposition to him.

OPPOSITION TO LAKES-TO-GULF WATERWAY.

The lakes-to-gulf deep waterway is not going to have such plain sailing as at first supposed. The proposition will meet with strong opposition from the lake ports, especially those of Wisconsin. Milwaukee is taking the lead in the opposition as the most important lake port in the amount of coal receipts. The argument of the opponents is that so much water would be diverted from the lakes as to seriously injure property of the lake ports and the shipping business on the lakes by lowering the water in the harbors and decreasing the depth of the channels. It is said that if the proposed plan were carried out it would so lower the water in the channels that the big freighters now in use could not navigate them and that docks would be ruined by rotting of the piles after the water had been lowered. The opponents charge that the Chicago convention was packed and that those opposed to the scheme were given no showing at all. Milwaukee people will call a meeting of all who oppose the waterway project for the purpose of taking steps to prevent its consummation.

PRIZE FOR SOUTH CAROLINA MILITIA.

Assistant Adjutant General Brock, of South Carolina, who was in Spartanburg at the time of the recent disturbances there is loud in his praise of the members of the State Guard who were sent to that city to protect the negroes in jail against mob violence. One company which he especially praised for the conduct of its men had been recruited from the very mill where the lady had been assaulted and many of the men in the mob were their kinsmen. Says General Brock:

"A striking illustration of this conduct came under my own observation. A private, who came to Columbia with us, was one of those on duty. I saw him have a very interesting interview with his own father, whom he caught sight of in the crowd. He went to his father and warned him that the militia meant business and would shoot to kill, that the elder man had better go home as it might possibly be his fate to be shot dead by his own son. The father at first tried to shame the young man, but he failed and went away. I saw him afterward and he said he was glad he took his son's advice."

PROHIBITION VOTE IN THIS STATE.

In 1904 Swallow, the Prohibition candidate for President received 261 votes in this State. According to the Charlotte Chronicle the Prohibitionists are expecting a great deal larger vote for their man Chafin this year. This expectation is based on the fact that the majority for prohibition last spring was nearly fifty thousand. They are looking for at least five thousand of those who voted for prohibition then to vote their party ticket in November. We feel confident that those who expect any such vote are going to be greatly disappointed. The prohibition votes last spring came from the two dominant parties, were cast by men who were then and still are true to their respective parties and will on a political issue stand to their colors. If the Chafin men base their expectations on the vote of last spring they are doomed to disappointment.

CRIMES AND LYNCHING.

Two negroes were lynched at Lula, Miss., Sunday for mortally wounding a railway conductor who attempted to make them stop using profane language on his train. While a special train was being made up to take the negroes to Clarksdale a body of fifty or sixty men broke open the calaboose and, taking the two men out, quietly hanged them. As deplorable as is such conduct it is what is to be expected when lawless negroes shoot down white men without cause in localities where strong posess cannot be quickly assembled to protect the law-breakers from mob violence. It is a pity that it is so, but the existence of such condition cannot be denied, and it does seem that the knowl-

edge of such fact would make negroes less reckless in the commission of serious crimes.

King Edward is not a blusterer; he does not have much to "say for publication" when delicate questions arise in European politics, but we defy any one to point to a more astute or successful diplomat in Europe. His forte is his knowledge of human nature and his ability to use that knowledge to the best advantage of the great nation over which he rules. Never yet has he lost out in a diplomatic contest with the representatives of other nations and he has the happy faculty of making the others content with the outcome of such negotiations.

Taft says he is going to make his Southern tour, not with the expectation of thereby securing any of the electoral votes of this section, but to show our people that he considers their States as a part of the Union. We hope he will continue so to consider them should he by any possibility become the President of the nation.

The patrons of the postoffice at Derring, N. Y., are indignant at its being closed. They are greatly inconvenienced, as the nearest office is seven miles away. The Derring office was on John D. Rockefeller's land and it was closed at his request. The people are rightly incensed at such proceeding.

Dr. W. F. Bull, the noted surgeon of New York, is dying from cancer, a disease for which he supposed he had discovered a cure.

CURRENT COMMENT.

"There are 1,500,000 women in Texas, and if they were to contribute to the campaign fund at the rate of a dime a duple you can see for yourself what a vast accumulation of money it would be."—Houston Post.

Women of any other State besides Texas would be indignant at such an insignificant valuation of their charms. —Charlotte News.

A dispatch from Yokohama states that the Japanese are making tremendous preparations for the welcoming of the American fleet. It is said that the American sailors will be received with even more enthusiasm than was shown Admiral Togo's victorious home-coming fleet after the battle of the Sea of Japan. This spontaneous admiration for things American must have back of it a genuine feeling of friendship and it does not indicate that Hobson's peril is ready just yet to crush us off the face of the earth. —Raleigh Times.

The Tribune complains that the people who forced the renomination of Governor Hughes of New York are doing nothing to further his election. Possibly they had him renominated for the purpose of having him defeated. Such things have happened in politics in this country, and what has happened may always happen again. But be that as it may, the Republicans could not elect Hughes this time if they would. New York's next Governor will be a Democrat, and the indications are strong that the State's electoral vote this time will be cast for Bryan—Virginia-Pilot.

The law officers of Spartanburg, county and city, have done their duty. It is deplorable that several of the assailants of the jail, and the sheriff within its wall, were wounded in the assault by the mob; it would have been much more deplorable had a score of men been killed. But it were far better that a score should perish than that the law should be proved impotent. In attacking that jail the mob attacked the State of South Carolina, it attacked society; it put at defiance the claim of the people to self government under constituted laws. —Columbia State.

It is encouraging to know that the city authorities are to treat the macadam streets with tar, and it is to be hoped that the county authorities will take the same steps in connection with the county roads. There are four or five processes for treating macadam with tar, all more or less satisfactory. In one process the treatment has to be renewed monthly. In others, one treatment lasts six months or a year. The tar not only prevents dust, but holds the macadam dressing in a firm bed and preserves the surface of the road, making it nearly as smooth as bitulithic, but, of course, not of such a permanent nature. The raw macadam road is as surely to disappear under the treatment as the red clay roads disappeared under the macadam. —Charlotte Chronicle.

Whatever objections may be raised to the new bill of lading adopted by nearly all the important railroad lines of this country, there is no doubt that it is a vast improvement over the multiplicity of bills heretofore issued, and the fact that a single form each for negotiable and non-negotiable bills has been adopted over so wide a territory is in itself a great gain. The wonder is that so little fault is found with it rather than so much. The only serious objections raised are those from persons and organizations concerned with the grain trade and relate to liability for loss and damage in transit. These may prove less serious than they appear under the test of experience, and in any case liability for substantial damage under the laws cannot be evaded by any form of bill of lading and the field of disputed claims will be greatly narrowed and not widened. —Journal of Commerce.

PUBLIC IS SHOWN

ITS GREAT POWER

By Applications Made in Full View of The Thousands of Spectators in Attendance.

ITS MERIT IS PROVEN

Leading Feature of Dillingham Entertainment is Relief Afforded Afflicted Persons at Each Performance in Full View of Audience.

There are several features that serve to attract the large crowds each evening to the Dillingham free entertainment and lecture at the corner of Fourth and Castle streets. The music and comedy is of a highly enjoyable nature and the free demonstrations of the Plant Juice remedies are of great interest to the audience. Mr. Mills, Col. Dillingham's able assistant and lecturer has on every occasion proven himself capable of holding the closest attention of his audience by his clear and convincing manner and the valuable advice contained in his lectures.

The idea of demonstrating the value of the Plant Juice remedies at these public performances is a part of the Dillingham method of showing the public exactly what these wonderful remedies will do, and that they will not be asked to take anything for granted concerning the merit of Plant Juice. At every performance an invitation is extended to those in the audience who are suffering from any trouble of a nature suitable for a public demonstration, to ascend the platform for a free trial of Plant Juice Liniment. Col. Dillingham has made this offer in hundreds of cities throughout the country and thousands of persons have been relieved of suffering and affliction through this means. People who suffer with deafness, rheumatism, stiff limbs and joints, bruises and the results of accidents have been cured in this manner, and in full view of thousands of spectators. Plant Juice Liniment has been unusually successful in the treatment of deafness, a statement that is fully supported by Col. Dillingham's records, which show many cases of deafness that have yielded to this wonderful remedy, of which the following case of Allen Glenn, of Emsley, Ala., is an example:

"While attending a performance given by Col. Dillingham's Plant Juice company recently I accepted the invitation to persons suffering with deafness to come upon the platform for a free trial of Plant Juice Liniment. I have been absolutely deaf in my left ear for fifteen years, caused through my work of bucking rivets in a boiler factory. Col. Dillingham's representative applied the liniment to my ear and within five minutes I had fully recovered the sense of hearing in that ear, being able to hear the ticking of a watch when placed to my left ear, while the right ear was closed. I cannot say too much in praise of Plant Juice Liniment and feel deeply grateful to Col. Dillingham and his assistants for restoring my hearing."

Should a Man Economize On His Clothes?

If we had high-priced clothing to sell, we could probably convince you that you couldn't afford to wear cheap clothing.

No man can afford to wear clothes that discount him in the eyes of everybody he meets. But you can't walk a block in this city with out passing many men who are wearing clothing that sets badly on them; is curled at the edges, and drawn out of shape—because they paid a few dollars less for it than they would have need to pay for perfect-fitting clothes.

And the perfect-fitting clothing would not only make them look better and feel better every minute they had it on, BUT WOULD WEAR HALF AS LONG AGAIN, at least, and so be cheaper in the end than the clothes that never gave any satisfaction, first or last.

But, while SOLKY CLOTHING is the BEST that is known, ready-made, in style, workmanship and finish, it costs just about the same as the less worthy kinds.

Danderine

EVERYBODY CAN HAVE BEAUTIFUL HAIR NOW, and they don't have to wait weeks and months for results either. You will notice marked improvement after the very first application.

Danderine is quickly and thoroughly absorbed by the scalp and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities. It is pleasant and easy to use—simply apply it to the scalp and hair once a day until the hair begins to grow, then two or three times a week till desired results are obtained.

A lady from California writes in substance as follows: "I have been using your wonderful hair tonic for several months and at last I am now blessed with a wonderful suit of hair that measures over 45 inches in length; the braid is over 8 inches around."

Another from New Jersey: "After using sixth bottle I am happy to say that I have as nice a head of hair as anyone in New Jersey."

This Great Hair-Growing Remedy can now be had at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the Knowlton Danderine Co., Chicago, with their name and address and five in silver or stamps to pay postage.

THAT TRADE WITH KEEFE.

Democratic National Committee Gives Its Authority for the Charge. (By Wire to the Morning Star.)

Washington, Oct. 14.—Secretary Loeb today denied that President Roosevelt promised the office of Commissioner of Immigration to Daniel J. Keefe, of Detroit, president of the International Association of Longshoremen, in consideration of Mr. Keefe's action in declaring for Mr. Taft in opposition to the pro-Bryan campaign of President Gompers, of the American Federation of Labor. Mr. Loeb added that Mr. Keefe in his denial of the story was absolutely correct.

New York, Oct. 14.—The Democratic national committee issued a statement tonight, quoting Timothy Healy, president of the International Brotherhood of Stationary Firemen, as authority for the allegation that Daniel J. Keefe had been promised by the President the appointment as Commissioner General of Immigration in return for that labor leader's support of Taft. The national committee has promised to make known its informant if the charges are denied, as it has been both by Keefe and at the White House. The National Committee quotes Mr. Healy in part as follows:

"I was in Washington Wednesday of last week, on a matter dealing with our organization, which brought me in contact with an official of high standing in the Government service. He said to me 'Dan Keefe has been selected for Commissioner General of Immigration.'"

"Is that so?" I said. "Yes. The job is his," he replied. I asked him how he knew, and he told me that his informant was a member of the President's Cabinet and knew what he was talking about.

"This information was not given me in a confidential manner, but I will not give my informant's name, for it is plain to see what would happen to him if his name came out."

"There is not any doubt in my mind but that the statement that the President offered Keefe the position and that Keefe agreed to accept it is true. Perhaps the offer was not made at the conference on October 3rd last, but I believe it has been made."

ANNIS-HAINS MURDER CASE.

Investigation by Grand Jury—Hains' Father and Brother Examined. (By Wire to the Morning Star.)

New York, Oct. 14.—The long deferred investigation into the death of William E. Annis who was killed at the Bayside Yacht Club house in August by Captain Peter C. Hains, Jr., U. S. A., was begun by the Queens county grand jury at Long Island City today. Captain Hains and his brother T. Jenkins Hains, are under arrest. Captain Hains charged with the murder and his brother as an accomplice.

General Peter C. Hains, father of the two accused men, was one of the first witnesses to go before the grand jury. He was subpoenaed to appear again tomorrow. Major Hains, of Chicago, a brother of the two prisoners, also was a witness before the grand jury today. The hearing of evidence in the Hains case was incomplete when the jury adjourned for the day.

AN AMBASSADOR RESIGNS

Mexico's Representative at Washington Retires From The Position. (By Wire to the Morning Star.)

Mexico City, Mexico, Oct. 14.—The Mexican Foreign office has confirmed the resignation of Enrique C. Creel, as Ambassador to the United States. Senor Creel for sometime past has held the double post of Governor of the State of Chihuahua and Ambassador at Washington, and he now desires to devote all his attention to the former office. His successor to the post at Washington has not yet been decided upon. It is rumored here that Senor Creel will enter the Diaz Cabinet as Minister of Government, Colonization and Industry, in succession to Olegario Molina, whose anti-American attitude in the matter of the mining law regarding concessions is said to have displeased President Diaz. Senor Creel is pronouncedly pro-American.

IS IT A RAILROAD MERGER?

Nine New Men on Directorate of Boston and Maine. (By Wire to the Morning Star.)

Lawrence, Mass., Oct. 14.—Nine new men, a majority of the board, will have seats at the directors' table of the Boston and Maine railroad as the result of the annual meeting of the stockholders in this city today. Of these new comers, four were placed on the board at the request of J. L. Villard, of Meriden, Conn., who recently acquired nearly 110,000 shares of Boston and Maine stock from the New York, New Haven and Hartford Railroad and the other five were nominated by the old executive committee of the board, after consultation with Mr. Villard.

Whether the new blood was installed into the board to bring about a technical merger of the Boston and Maine Road with the New Haven Road, after two years abortive work in that direction in the Massachusetts Legislature, was not disclosed today.

—Wadesboro Ansonian: A movement is on foot to convert the large Wood & Iron Works building into a cotton storage house where farmers may store their cotton, have it insured and borrow almost its full value in money. This will all be done at a small cost and the plans will be given out later.

Excellent Heart Advice.

Mrs. M. M. Davidson, of No. 397 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at R. R. Bellamy's drug store, 50c.

SCHOONER SHARES SOLD

Purchased by Gilbert Transportation
Company—Other Shipping News.

The schooner Horace P. Shares,
owned by the Wilmington, Southport
and Little River Company, has been
sold to the Gilbert Transportation
Company, of Mystic, Conn., the sale
having been consummated yesterday.
The schooner was recently towed into
Southport by Wilmington tugs, having
been dismantled during the severe
storm in August, while en route to
Fort Caswell with a cargo of cement.
It will be recalled that the Gilbert
Transportation Company recently pur-
chased the schooner Cassie F. Bron-
son, which will be towed from this
port to Norfolk by the tug Jones, leav-
ing here this morning. The Bronson
will be thoroughly overhauled before
being placed in active service again.

The British steamer Hyndford, Cap-
tain Horne, cleared yesterday for
Bremen with a cargo of 14,902 bales
of cotton, valued at \$741,400. This is
the largest cargo of cotton to foreign
markets during the season. The ves-
sel and cargo are by Alexander Sprunt
& Son.

The schooners Camilla May Page,
Captain Drisko, and John H. May,
Captain Stille, arrived in port yester-
day from New York, with cargoes of
cement for the Seaboard Air Line. The
vessels made a record run from New
York, leaving there Sunday at noon
and reaching here yesterday morning,
the voyage requiring but 60 hours. C.
D. Maffitt is their agent.

The schooner Edwin, Captain Mc-
Keen, was spoken off the Cape Fear
bar yesterday, bound from New York
to Charleston; asked to be reported
all well.

largely attended and the younger
members of the congregation contrib-
uted much to the success of the even-
ing with numerous selections. Re-
freshments were served during the
evening and the rector and members
of the parish were brought into closer
social and religious relationship with
one another.

the third strike was a wild pitch
which went past Kling, filling the
bases. In the fifth Coughlin was safe
when his grounder to Steinfeldt took
an awkward bound and he went to
third when McIntyre doubled into the
left field crowd. But the needed hit
was not forthcoming from either O'-
Leary or Crawford, for the former flew
out to Hoffman who held Coughlin at
third by a beautiful throw home and
Crawford struck out. The score:

Chicago.....000 000 000—0 3 0
Detroit.....100 010 000—2 10 0
Summary: Two base hits McIntyre,
Evers; sacrifice hits, Schulte, Stein-
feldt; Overall. Stolen base, Donovan.
First base on balls Donovan 3; Over-
all 4. Left on bases Detroit 7; Chi-
cago 6. Struck out by Donovan 2;
Overall, 10. Double plays, Schmidt,
Schaefer and Schmidt; O'Leary, Ross-
man and Coughlin. Wild pitch, Over-
all. Time 1:24. Umpires Sheridan
and O'Day.

The Chicago team expects to add
a material sum to its earnings by
two exhibition games to be played
on the Chicago grounds next Satur-
day and Sunday with Detroit. Pres-
ident Murphy has announced that all
the receipts will be distributed among
the players. Covalski, left hand
pitcher of the Philadelphia National
League, who shattered the hopes of
the New York team by winning three
games of the last New York and Phila-
delphia series, will be one of the pit-
chers, it is said.

—The North Carolina Presbyterian
Synod will meet next week in Newbern,
the opening session being held on
Tuesday evening. The Synod will
probably remain in session until Fri-
day morning. The meeting will be
with the First Church at Newbern,
the great body of Presbyterians com-
ing to Eastern Carolina this year for
the first time in several years.

—The traveling public and many
friends in Wilmington will be inter-
ested to know that Mr. M. McI. Mat-
thews, who some time ago sold his in-
terests in the Hotel LaFayette at Fay-
etteville to Messrs. Cooper & Gresham
has repurchased an interest and will
assume proprietorship of the property
again within a few days. Mr. Mat-
thews is recognized as one of the best
hotel men in the State. Manager

ment for the present at least.

CLARENDON WINS FIRST.

Wilmington Pythian Lodge Takes
Prize of \$25 for Candidates in Line.

A private telegram last night from
Greensboro brings the interesting
news to Wilmington Pythians that in
the great K. of P. parade there yester-
day Clarendon Lodge No. 2, of this
city, won the first prize of \$25 for
having in line the greatest number
of candidates for the rank of page.
This is quite a distinction when it
is remembered that there were many
lodges in the immediate vicinity of
Greensboro, who were expected to
excel in this matter. Among the can-
didates with Clarendon Lodge was Mr.
M. C. Huggins, of this city, who ac-
companied the delegates on the special
Pullman Tuesday evening.

The Wilmington party will return
to the city this morning on the same
special car on which they travelled
to Greensboro. Reports last night
were to the effect that the Pythian
parade yesterday was a magnificent
success. Past Grand Chancellor Wm.
F. Robertson, of this city, was chief
marshal and everything passed off
magnificently and with great credit to
the Pythian order in North Carolina.

Press Representative Here.

Mr. Howard Herrick, general press
representative of the George H. Bren-
nan productions and one of the best
known men in his profession, spent
yesterday in the city in the interest of
Pollock & Dixon's "The Traitor,"
which comes to the Academy of Mu-
sic in this city, matinee and night,
Oct. 21st. Mr. Herrick talks very
interestingly of the play and its re-
ception by the public this season, de-
claring its success even greater than
"The Clausman."

The Theatre

A large and appreciative audience
witnessed the popular Mason-New-
comb's production of "Kit Carson"
last evening at the Academy of Music
and went away well pleased.

The play was exciting without be-
ing over-sensational from start to fin-
ish and was full of thrilling climaxes.
The specialties were especially strong
and brought forth much applause. To-
night this popular organization will
present a sensational four-act comedy
drama, "The Deserted Wife." This
play promises to be one of the strong-
est in the repertoire and with it will
be given an entire change of special-
ties. Prices, 10, 20 and 30 cents. Sat-
urday a matinee, "His Country Sweet-
heart," will be given at 10 and 20
cents with no reserved seats, tickets
admitting to any part of the house.

Black Patti Troubadors.
The Black Patti Troubadors are
coming to town with another swell
show. This company has been so in
the habit of doing things that a mere
announcement of its performance in
any city is sufficient to pack the
house to the doors. It is one of the
most popular and successful road
companies in America and it can al-
ways be relied upon to give a tip-top
show. All the specialties are spick
brand new this season, and the fun
and comedy in "The Blackville Strol-
lers" has new laugh-provoking say-
ings and situations. Black Patti ap-
pears in a condensed version of popu-
lar operas "Faust," "Cavalleria Rus-
ticana," "Il Trovatore," "Fatinza,"
and others. At the Academy tomor-
row night and seats are now selling.
Prices go to \$1.

Scalwags and Carpetbaggers.
When ever there is a villain in a
play the theatre-goer wants him to
be an all wool and a yard wide vil-
lain. There is a scalwag and a car-
petbagger in "The Traitor," the new
Dixon play that completes the story
of "The Clausman," and that state-
men alone is sufficient to convince any
one in the South that the villain in
this play are the real article. What
makes the situation more interesting
is the fact that they are men of brains,
of resources and therefore their vil-
lainy results in stirring deeds that
make thrilling climaxes for the drama.
All of which has had much to do with
the long lines of ticket buyers that
one sees in every city when the seat
sale for "The Traitor" opens. This
cyclonic success will be the attrac-
tion at the Academy of Music Wednes-
day, Oct. 21st, matinee and night and
the seat sale will open at Plummer's
Friday, Oct. 16th.

FOOTBALL GAME

University and Davidson Here Sat-
urday—Reception Being Planned.

Interest is high in the approaching
game of football Saturday between the
teams of Davidson and the University.
Preparations for the game are going
on steadily at the baseball park, and
indications are for one of the largest
crowds that has ever been accommo-
dated at these grounds.

The game on Saturday is of special
interest on account of the intense ri-
valry existing between the two insti-
tutions. Within the past three years
the teams have played two tie games,
and the University has won one by
the narrow margin of 4 to 0. Large
crowds of students will doubtless ac-
company each team, and Wilmington
will be treated to a new sensation in
the introduction of college yells, songs,
and the flaunting of college colors. The
Atlantic Coast Line management has
arranged to give its employees a half
holiday in order that they may wit-
ness the contest, and many of the
business houses have agreed to close
at 12 o'clock on Saturday for this pur-
pose.

The alumni of the University of
North Carolina have already organized
themselves into a band more than
100 strong, and are practicing the yells
and songs of their alma mater to be
used in encouraging its team to vic-
tory. This band will be augmented by
a large number of out of town friends
of both institutions who will take ad-
vantage of the reduced rates offered
by all the railroads. The Davidson
following is also very strong here and
the color scheme in the grand stand
will be about equally divided between
its red and black and the blue and
white of the University. Both teams
will arrive in special Pullmans Friday
night.

Killed Three Deer in One Day.

Among the most successful hunters
of the season are Captain J. D. Bowen
and Mr. A. H. Holmes, of this city,
who yesterday killed three deer on
Mr. Jackson Johnson's farm in Bruns-
wick county. The news of their suc-
cessful trip was communicated to the
Star by telephone from Winnabow last
night, where the two went from Wil-
mington Tuesday night. They will
continue their hunt in that section
today and expect to have equally as
good luck as in their first adventure
on yesterday.

LIKE A THIEF IN THE NIGHT.

Like a thief at night the dreaded dis-
ease pneumonia creeps on us and in a
short time we are laid to rest why
should you let it come when you can
stop it so easy get bottle goose grease
liniment or a box of mother's Joy and
prevent it we will give one hundred
dollars for any case of pneumonia
these remedies cannot cure. If you
will keep it in the house and use it
as directed you will never have a
case of pneumonia, we have testimo-
nials by the score where people have
written us telling us of the wonder-
ful cures goose grease liniment has
made in cases of rheumatism if goose
grease will not cure you of rheumatism
nothing short of hot springs will we
have had few cases where it failed but
very few we don't want your money
for nothing and if goose grease don't
cure you take the bottle back and get
your money. GOOSE GREASE CO.

Lena V. Henry, of Norristown, Ga.,
writes to Mrs. Pinkham:

"I suffered untold misery from fe-
male troubles. My doctor said an opera-
tion was the only chance I had, and I
dreaded it almost as much as death.

"One day I read how other women
had been cured by Lydia E. Pinkham's
Vegetable Compound, and I decided to
try it. Before I had taken the first
bottle I was better, and now I am en-
tirely cured.

"Every woman suffering with any
female trouble should take Lydia E.
Pinkham's Vegetable Compound."

MORE BALLOON DISASTERS THREE DAYS IN OHIO

Several Contestants For International Trophy in Germany Have Frightful Experiences—Only One Balloon is Missing.

(By Wire to the Morning Star.)
Berlin, Oct. 10.—Only one of the 23 balloons which started in the race for the international trophy on Sunday from Schmargendorf, is unaccounted for. This is the German balloon Busley, under the command of Dr. Niemeyer, with Hans Hiedemann, as assistant.

Dispatches received here early today from Cuxhaven announced that the Spanish contestant, Castilla, dropped into the ocean six miles north of Heligoland, and that the navigators Montojo and Robero, were rescued by fishermen. This evening a dispatch was received from Molde, Norway, telling of the descent of the Swiss Balloon Helvetia to the ocean and the rescue of Colonel Schaeck and Messner. The dispatch read as follows: "Fishing boat this afternoon rescued occupants balloon Helvetia at the last moment as they were sinking, the gas being totally exhausted. The balloon was saved. Schaeck and Messner remained here over night and proceeded to Christiansand tomorrow."

Molde is only 32 miles southwest of Christiansand, and to reach this point, the Helvetia must have travelled about 775 miles in a direct line. This is by far the greatest distance yet reached to the credit of any of the contestants, the majority of whom either took a somewhat circular course or were compelled to descend on account of their proximity to water.

The Helvetia is the fifth balloon among the international contestants to come to grief; the Conqueror and the Motes burst at a high altitude and the Saint Louisans Castilla was wrecked in the North Sea. Although no casualties followed these disasters, the escape of the ten men who were in the unfortunate balloons was almost miraculous.

PRETTY MARRIAGE EVENT.

Miss Effie Montford Becomes Bride of Mr. Vaso V. Haynie.

A marriage of much interest to a large concourse of friends, was the marriage of Mr. Vaso V. Haynie, of Charlotte, and Miss Effie Montford, daughter of Mr. and Mrs. B. S. Montford, of this county, which was solemnized yesterday afternoon at 2:30 o'clock at the home of the bride's sister, Mrs. Robert H. Hewlett, No. 417 North Sixth street.

The nuptials were celebrated in the presence of a few relatives and intimate friends, Rev. Fred D. Hale, D. D., pastor of the First Baptist church, officiating.

Mr. and Mrs. Haynie were tendered the happiest felicitations of their many admiring friends before leaving over the Seaboard at 3 o'clock, for their future home in Charlotte, where the groom is employed at the Selwyn Hotel.

REMOVED FROM SALISBURY.

Alleged Assailant of Miss Tucker Taken to Some Other County.

(By Wire to the Morning Star.)
Charlotte, N. C., Oct. 14.—Will Graham, the negro who was arrested at Concord, yesterday afternoon, as the alleged rapist of Miss Pearl Tucker, and placed in jail at Salisbury for safe keeping, was removed today. In June 1906 three negroes were taken from the Salisbury jail and lynched, and it was feared by the officers that an effort would be made to get Graham out tonight. It is not known where the negro was taken. Concord is quiet again and no danger is expected from that quarter.

The negro is now in jail here, but it is not generally known, and he is safe.

SENT TO PENITENTIARY

Convicted of Stealing Government Pay Checks—Pathetic Scene

(By Wire to the Morning Star.)
Atlanta, Ga., Oct. 14.—J. W. Lorraine, charged with stealing pay checks from the public health department in Washington last Aug., pleaded guilty in the Federal court here today and was sentenced to five years imprisonment and to pay a fine of \$1,000.

Lorraine, it is said, was married about the time the alleged theft was committed. It was charged that two of the checks were passed on Atlanta banks. When the judge announced the sentence, Lorraine's young wife, who was in the court, fainted.

MASS MEETING OF GROWERS

Combined With Allied Interests Will Be Held in Memphis.

(By Wire to the Morning Star.)
Memphis, Tenn., Oct. 14.—A mass meeting of cotton growers and allied interests of the South will be held in Memphis on November 10, 11 and 12. The convention was decided on at a conference between Harvie Jordan, President Cotton Association and representatives of various commercial and civic bodies of manufacturers today. The prime reason for calling the meeting, as given by Mr. Jordan is to check the downward tendency of the market price of cotton.

SCHOONER'S ROUGH PASSAGE

George May, Charleston to Norfolk Arrives in Bad Condition.

(By Wire to the Morning Star.)
Norfolk, Va., Oct. 14.—The three masted schooner George May, from Charleston, S. C., to Norfolk, with rock arrived today with much of her crew was torn and gone, and her rudder-head sprung. The May, out from Charleston since September 28th, met the recent storms and was driven far out to sea. She suffered severely, and the crew report thrilling experiences during the gales encountered by the vessel.

Taft Closes Tour of His Own State. Declares Himself Satisfied With the Outlook There—Another Accident to His Train.

(By Wire to the Morning Star.)
Wheeling, W. Va., Oct. 14.—Judge Taft today concluded his three days' campaign in Ohio. What he thinks of the situation is set forth in the following statement which he issued to-night:

"I have now spent three days in the State of Ohio, much of the time in industrial and labor centres among men who, it was reported, were disaffected and opposed to the Republican party and its candidates. Wherever I appeared I was cordially received and only an occasional interruption indicated that misrepresentation of the attitude of the party and the candidate had made a casual impression. It is my opinion that the attitude of labor toward the Republican party has been misrepresented quite as freely as that of the party and the candidate toward labor, and I find no reason for the belief that labor will divide other than on the lines that have heretofore divided it. In my opinion the normal Republican labor vote will be cast as heretofore.

"In the agricultural regions it is quite apparent that the farmers are opposed to a change that will imperil their present prosperity.

"The situation in Ohio is entirely satisfactory, and no one has any reasonable doubt but that the Republican majority will be a substantial one. I certainly have no doubt on the subject myself."

Again today the Taft special was delayed by accident. In trying to negotiate a spur track from Cadiz Junction to Cadiz, Ohio, it was found first that the train was too heavy for the grade, notwithstanding two engines were used.

The train was run back to the junction and three cars were cut off. On the second attempt, while a special of about ten miles an hour was being made, two wheels of the second engine could be made, the train had run two lengths. The wheels which were on the ties, cut them in two. On either side of the bank sloped down for twenty feet.

During the day the candidate traversed the great pottery section of Ohio, and at Cadiz made his talk to farmers in the center of the wool growing district. It was just dusk when Judge Taft left his home state and pulled across the Ohio river to West Virginia.

Ten or twelve speeches have been mapped out for the candidate tomorrow on his way to Louisville, Ky., where he goes for an evening meeting.

WARM WIRELETS.

National Chairman Mack announced last night that Mr. Bryan would make daylight speeches through Indiana on October 20, speaking at Louisville, Ky., on that evening. Mr. Bryan will speak in Ohio on October 21st.

A spectacular fire broke out shortly before 3 o'clock yesterday afternoon at the Canton plant of the Standard Oil Company, a short distance beyond the Eastern limits of Baltimore and it was not under control nearly four hours later.

With a force that cracked the walls of a fifth avenue residence and shook pictures and statuary from their places, a dynamite blast was set off in a building excavation on upper Fifth Avenue yesterday. Houses for blocks around in this fashionable section were shaken by the explosion and many windows were blown.

Harvey Barnes, aged 24, an employee of the South Pennsylvania Oil Company was blown to pieces and Huber Rank in farm boss was fatally injured with a boiler at an oil well on the J. W. Williams farm in the Indiana run district, near Bristol exploded yesterday. Rankin died just as he reached the Clarksburg W. Virginia hospital.

A stranger was found in the home of Edward A. Cudahy, millionaire packer, Tuesday night, at Omaha, Neb. The man escaped out of an open window on the second floor when a servant girl found him and screamed. He was well dressed and wore a silk hat. He was in the room of Edward Cudahy, Jr., who was kidnapped seven years ago.

The biggest year's business in its history in dollars and cents was done up to October 1, this year by the board of church extension of the churches of Christ. This statement summarizes the annual report by the board delivered yesterday before the International Missionary Convention in New Orleans. The board's chief work was in housing 87 homeless congregations.

John K. Kern, Democratic nominee for Vice President, brought the first day of his Eastern speaking campaign to a close with a speech to a large crowd in Phoenix Hall, in Jersey City last night. Two hours earlier he addressed a tremendous crowd in Newark and earlier in the day spoke to a good sized audience, composed chiefly of business men, in Elizabeth.

WARM WIRELETS.

The directors of the New Orleans cotton exchange have rescinded their action of October 7th, making stained grades of cotton below middling, non-tenderable against future contracts.

President C. S. Barrett, of the National Farmers' Union yesterday at Atlanta, Ga., issued a call for an executive session of the board of directors, all State presidents and representatives of local unions to be held in New Orleans, November 11 next. On the following day all persons who are interested in putting up the price of cotton are requested to meet with the Union.

The Union Lasters, of Lynn, Mass., who have been on strike since October 2nd, as a protest against the discharge of 15 men by the Joseph Caut Company, and the employment of girls in their places in alleged violation of a contract, voted yesterday to return to work, the Caut firm having agreed to reinstate the old employees. The strike threw out of employment 15,000 operatives.

What is regarded by a majority of racing men as the death blow to racing in Kentucky, if the courts uphold action taken yesterday afternoon by the State Racing Commission, was struck when the commission adopted a resolution not to interfere with the existing system of betting of tracks under jurisdiction of the commission. The resolution is signed by Colonel Milton Young, Louis Des Cognete and Colonel F. Clay.

Governor Haskell, of Oklahoma spoke to his former townsmen last night at Ottawa, Canada, before a big crowd. In his address he criticised President Roosevelt very severely and defended his past record, denying many of the accusations against him. The reception tendered him was none too cordial and frequent outbursts of questions interrupted his address. Congressman Champ Clark, of Missouri, was the other speaker.

National Chairman Mack declared yesterday that he was receiving reports from various parts of the South that agents of the Government were traveling through the Southern States and collecting a campaign fund for the Republican party from the Federal office-holders. Mr. Mack said he understood that the agents of the Government had been sent out from Washington at the direction of certain Washington Government officials.

Henry Standing Bear, a full blooded Sioux Indian, who is a graduate of the Carlisle Indian school and formerly was a full back on the Carlisle football eleven, was arraigned in court in New York yesterday, charged with bigamy. The complainant is Hazel M. Moran, of St. Louis, who said she was a graduate of Smith College, at Northampton, Mass. Miss Moran asserted that she has discovered that Bear has a Sioux wife and three children at Pine Tree, South Dakota. Bear was held in bail for a hearing next Monday.

Thoughtful people deposit their money with the bank affording the greatest security. Capital and surplus, coupled with good management, are the depositor's guarantee against loss. SPIRITS TURPENTINE

—Newbern Journal: Congressman C. R. Thomas has received from Governor Glenn, the appointment as commissioner to represent the State at the first annual convention of the Atlantic Deepwaterway Association to be held in Baltimore November 17-19th.

—Kinston Free Press: Mr. Hub Davis, of Trent township called at the Free Press office and informed us that there was absolutely nothing in the rumor to the effect that "Night Riders" had posted notices warning him against his gin. The rumor was evidently started as a joke.

—Tarboro Southerner: The engagement of Miss Alice Spruill, daughter of Mr. and Mrs. F. S. Spruill, of Rocky Mount, to Thos. Willis Alexander, of Charlotte, has been announced. The wedding will take place Wednesday, November 18, at the Church of the Good Shepherd, Rocky Mount.

—Kinston, N. C., Oct. 13.—Yesterday morning Abe Mason, a young negro man while in a drunken condition slipped up behind his aged father and struck him a violent blow with a brick. The old man fell unconscious and has not yet recovered sufficiently to give any account of the difficulty. Young Mason was caught by the police.

—Goldboro, Oct. 12.—The case of J. T. Bordeaux, administrator of the estate of L. W. Bordeaux against the Atlantic Coast Line, came to an end by the jury, giving the plaintiff a verdict of six thousand dollars. L. W. Bordeaux was killed in South Rocky Mount while repairing cars for the railroad.

—Salisbury Post: Work actually began on Salisbury's skyscraper when Contractor J. Gooden Crowder began the excavation work this morning on the old Mansion house site where Mr. H. C. Grubb is to put up one of the prettiest business blocks in the two Carolinas. It is to be a steel structure, and counting the basement and roof garden will be nine stories tall.

—Charlotte, N. C., Oct. 13.—D. M. Beattie, living twelve miles west of the city, was knocked down by a fifteen-year-old colored boy, Jim Boulware, near the Beattie home, this afternoon and robbed of about twenty-five dollars. The negro was later arrested in Charlotte. He is absolutely indifferent about his apprehension and admits taking the money.

—News and Observer: The "Patterson Cup," as a tribute of the best literary excellence shown by a resident of the State during the past year was last night awarded by the North Carolina Library and Historical Association to Capt. S. A. Ashe, of Raleigh, for the literary skill and excellence shown in the first volume of his History of North Carolina.

—Wilson, N. C., Oct. 13.—Politics are warming up in the Lucama section and great preparations are being made for a Democratic feast in that loyal town where loyal people reside, on next Thursday. Yes, the people in that staid old town are aroused as never before, and when the polls are closed on the night of November 3rd, we are sure that the vote will be found cast solidly for Bryan and Democracy.

—Raleigh Times: On my way home from the Republican rally a gentleman who has lived in High Point said to me: "You heard Settle talking about those pay envelopes so full of happiness and joy didn't you? Well, do you know what the average wage is in J. Elwood Cox factories? I have lived in High Point for years and I know. It is eighty-five cents a day! Lots of cheer in that! What's \$5.10 on Saturday night to a man with a wife and babies?"

—Kinston Free Press: Governor Kitchin was in Kinston Monday and a mounted escort for the distinguished candidate was formed three blocks in length, in addition to carriages, band and the Kinston Rifles under charge of Captain Harper. This made its way through the multitude of people through Main street and finally leading to the large Farmers' Warehouse. Probably not less than half the people assembled here got in hearing distance of the speaker.

—Charlotte News: The first annual Office Appliance and Business Men's Show opened this morning at Stone & Barranger's store. The whole of the second floor has been given over to exhibitions by various firms, dealers in office appliances and fixtures. The exhibition is both interesting and instructive. Each exhibitor has an allotted space in which his wares are nicely arranged, and demonstrators are in charge to explain the various devices both new and novel to the visitors.

—Mount Olive, N. C., Oct. 13.—The people of this section enjoyed a veritable political feast today by hearing two splendid speeches from Hon. Walter Murphy, Democratic candidate for elector at large, one of the best campaign orators in the State. Mr. Murphy spoke at Calypso, Duplin county, at noon and his able exposition of Democratic doctrines and principles and his contrast of the record of the Republican party in the State and nation, stirred all good Democrats to renewed energy and efforts for a glorious victory in November.

—Lumberton Robesonian: The Dillon Herald says that a proposition to build a railroad connecting the Raleigh & Charleston with the Seaboard at Gibson, via Dillon, Clio and McColl, S. C., assumed definite shape recently when plans were perfected for building the division between McColl and Gibson. Continuing, The Herald says: "The right-of-way between these two towns has been secured, it has been secured for the depts, contracts for the grading have been let and if no unforeseen difficulties arise trains will be running between McColl and Gibson less than six months."

ASHEVILLE TURNS OUT ENMASSE

TO HEAR THE GREAT ANDES

One of the leading Asheville, N. C. papers says: "For the past ten days our citizens have been turning out en-masse to see and hear The Great Andes, who is a speaker of national reputation. His good works and famous lectures on good health had proceeded him, and on his opening, he faced one of the largest audiences ever seen in Asheville at any lecture of this kind. His is thoroughly familiar with every subject he handles and especially his talk on Catarrh."

"He stated that this disease was the forerunner of the Great White Plague, Consumption. He threw a bomb-shell into his large crowd when he stated that 165,000 died of this dreaded disease, in the United States, in the past year."

"He says that the mucus that forms in the cavity of the head drips into

the throat, going down the bronchial tubes to the lungs. And when a person begins losing flesh, has a hard dry hacking cough, pains under shoulder blades and in sides, no color of the skin, feverish and restless during the night, it is proof that the Catarrh has gone to the lungs. The majority of people, when this disease starts on them, are affected with heavy dull headache, pains in the back of head, formation of scabs in the nose, very offensive breath, forgetfulness, and at times it would entirely cause the loss of hearing, smelling and eyesight."

"After this pain and forceful talk, by the Great Andes, the following day his headquarters at Grant's Pharmacy was crowded with people eager to purchase his famous Prescription, which he explained would cure Catarrh of any form where it had not affected the lungs."

We have secured the agency for the Great Andes Medicines and sales for them is enormous.

Belle of Virginia Rye deserves its name, and the name is certainly one of distinction and old-time aristocracy. It's a whiskey we are proud of on account of its purity and high quality and its hosts of admiring friends who will drink nothing else. Belle of Virginia is a blend—a scientific, uniform blend of pure, old goods. It's a whiskey with a flavor, and a fine, invigorating after-effect long to be remembered by those who drink it. Try it and you will make no mistake.

Sold at the places where gentlemen go to get a drink.

THE COTTON MARKET.

(By Wire to the Morning Star.)
New York, Oct. 14.—The cotton market was irregular today, within a comparatively narrow range, closing steady on near months which were 1 to 5 points, net higher, and easy on later positions which were net unchanged to 6 points lower. Sales for the day were estimated at 125,000 bales.

The market opened steady at a net advance of 4 points to a decline of 2 points, declines being due to good weather and disappointing cables, while the improvement on some positions reflected covering and investment buying. During the early session the market worked higher on covering by October shorts, promoted by rumors that considerable shipments were pending from the local stock and buying of January by a big spot interest. After showing a net gain of 2 to 6 points, the market reacted under realizing and continued Southern selling of the late positions, but January ruled relatively firm all day, selling back to within a point of the best during the late trading, with shorts nervous over rumors of a possible squeeze in the winter positions. Weather accounts were generally favorable.

Receipts at the ports today were 63,465 bales, against 41,379 last week and 40,331 last year; for the week 350,000, against 345,922, last week and 275,572 last year. Today's receipts at New Orleans were 12,057 bales, against 11,741 last year and at Houston 20,406 against 6,106 last year.
Spot cotton closed quiet 5 points up; middling uplands 9.20; middling gulf 9.45; sales 295 bales.

Futures opened steady and closed steady on near months and easy on distant.

DRY GOODS MARKET.

(By Wire to the Morning Star.)
New York, Oct. 14.—The dry goods market was moderately active on spot merchandise today. Retailers and jobbers stocks are generally light and some years since the demand at the counter was so quickly and surely reflected in the primary markets on underwear, hosiery, domestics, dress goods, silks, linens and other fabrics. Cotton yarns hold steady; silk piece goods are in active call.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)
New York, Oct. 14.—The stock market took on all the aspects of a narrow professional affair today. The volume of the day's transactions was meagre and the constant shifting of the current of prices demonstrated the feeling of hesitation and uncertainty of those taking part in the market. A number of stocks came into activity today which are often neglected for weeks at a time—stocks of the cheap-end grade and of the most doubtful value. Sakes of only a few blocks of business resulted in a collapse in the price. These evidences of the degeneration of the speculation movement prompted the selling of the general list which depressed prices. There was no actual news to account for the depression. The call money market, however, continued to show a firmer tone. The re-opening of the labor controversy in the English cotton mills threatens a curtailment of export demand for cotton and is having effect in holding cotton bills off the foreign exchange market, thus making a factor in the firmness of exchange rates. Discussion of gold exports, however, has been suspended. Reports of backwardness in the fall demand for anthracite were held to account for the special heaviness of Reading.

Bonds were steady. Total sales, par value, were \$3,436,000. United States 2's registered advanced 1-8 and the 4's registered 1-4 per cent. on call. Total sales of stocks today were 428,200 shares.

FINANCIAL MARKET.

(By Wire to the Morning Star.)
New York, Oct. 14.—Money on call steady 1 1-4 to 1 3-4 per cent., ruling rate 1 1-2, closing bid 1 1-2, offered at 1 1-2. Time loans dull and steady; sixty days 2 1-2 to 3-4, ninety days 3 to 3 1-4; six months 3 1-2 to 3 3-4. Prime mercantile paper 4 to 4 1-2; Sterling exchange steady with actual business in bankers bills at 4.8510 for sixty day bills and at 4.8655 for demand. Commercial bills 4.84 1-2 to 5-8. Greensboro, N. C., Oct. 13.—Thomas Sparrow Dalton, son of Mr. and Mrs. R. F. Dalton, one of the most popular and promising young business men of Greensboro, lies desperately wounded at St. Leo's Hospital, and latest reports are that he cannot survive the night. Young Dalton was returning from the Fair grounds just at night, and as one of the marshals, had exchanged his horse for an unmanageable one, he being a good rider. Just as the city limits were reached the horse got the jump, and in rounding a curve coming into Walker avenue, the sudden, swift turn threw the horse and Dalton fell, his head striking a curb, causing fracture of the skull at the base of the brain. An ambulance took him unconscious to the hospital, and he is reported to be dying. At nine o'clock a surgical operation disclosed seven fractures of his skull, resulting in confirmation of worst fears that Dalton could live but a few hours, probably two, possibly twenty-four, but no hope of his regaining consciousness.

BRYAN SPEAKING TO NEBRASKANS

Twenty-Two Speeches Made in
His Second Day's
Tour.

HEARERS MOSTLY FORMERS

The Most Enthusiastic Day of the
Tour—An Appeal to Elect Demo-
cratic Congressmen—The
President Criticized.

(By Wire to the Morning Star.)
Hebron, Neb., Oct. 14.—The second day's tour of Nebraska by William J. Bryan closed at Hebron tonight. Twenty-two speeches were made during the day by the Democratic candidate, varying in duration from ten minutes to one hour. It was by far the most enthusiastic day for Mr. Bryan during the trip, and the crowds which greeted him at the various stations were composed largely of old friends of the candidate. With the conclusion of today's work Mr. Bryan expressed himself as greatly pleased with his reception in his home State, saying that his audiences were larger and more enthusiastic than during any other of the campaign. Three congressional districts were traversed to-day and in each one Mr. Bryan made an appeal for the Democratic Congressional nominee. He invariably began each speech by saying that he was more interested in the election of the candidate for Congress than was the candidate himself. "I should feel mighty lonesome in Washington if both the Senate and the House were against me," he said, "but if you will give me the House, I am sure we shall make the Senate feel lonesome."

At those places where it was possible to do so, Mr. Bryan discussed all the issues, but in smaller places he devoted his time to explaining and defending the Democratic position on the guaranty of bank deposits. Most of the audiences were composed of farmers, with a sprinkling of laboring men at Grand Island, Kearney and Hastings.

Aside from the guaranty of bank deposits, he spoke to the farmers in regard to the panics, saying that there were more business failures during the first nine months of this administration than there were during the first nine months of 1893, 1894, 1895 or 1896.

In speaking of the President's interference with the election in his Hebron speech he said:

"I happen to be the Democratic candidate. I do not mean to say that I ought to have been nominated, but I mean to say it was the wish of the Democrats that I should be nominated and I stand as the representative of the Democratic party. My nomination came from the people, for I had no President with an army of office holders to help me get the nomination. I do not envy my opponent because he had so influential a backer. I would rather have my nomination than his. But we are the candidates before you. He has been nominated on the theory that he was competent to conduct his own campaign, and I pay him a higher compliment when I presume that he is able to do so than the President when he assumes that he is not able to do so."

"I do not approve of the action of the President in using the office that belongs to the people, as if it were a party asset, for a part of the people. All I ask is that he stand off and let Mr. Taft and I fight it out."

When Mr. Bryan retired tonight at Hebron he expressed himself as being in the best physical condition he had ever experienced in any campaign. He has spoken forty seven times in the last two days and is apparently the least fatigued of any man in his party. The State committee has assigned eighteen speeches to him for tomorrow.

PRESIDENT TO BROTHERHOOD

Addressed Railway Signal Association
Yesterday.

(By Wire to the Morning Star.)
Washington, Oct. 14.—President Roosevelt today received the delegates to the convention of the Railway Signal Association in session here. He addressed them in part as follows:

"One of the honors that I have especially prized since I have been President has been my membership in the Brotherhood of Locomotive Firemen; and while I never have yet found any body of my fellow citizens all of whose wishes I could meet while I was President, I am bound to say that I think I have come nearer being able to feel that I ought to do what you railroad men asked than any other one body that I have come in contact with while I have been President. It has been a very great pleasure to me to work with you. I have felt that the railway men of the country showed to a peculiar degree certain qualities that I prize in any citizen—the qualities of nerve, of hardihood, of capacity to obey and to obey like that (slapping his hands together) and the capacity to take responsibility and assume command when necessary. I would give nothing for the men who can not obey when it is necessary and cannot act on his own responsibility and assume command when it is necessary. Both qualities are needed."

Many Government officers are brought into the classified executive service and future appointments to them must be filled under the civil service rules, under an executive order which the President signed last Friday.

NOTABLE PYTHIAN PARADE

Prominent Speakers Delivered Ad-
dresses At Second Session of Good
Roads Congress—Many Feat-
ures of Interest.

(By Wire to the Morning Star.)
Greensboro, N. C., Oct. 14.—One of the largest crowds ever seen in Greensboro today attending the Centennial Fair and the Good Roads and Peace Congresses.

A large number of Pythians from this and other States gave a parade in the morning.

M. V. Richards, Land and Industrial Agent of the Southern Railway, and E. J. Watson, Commissioner of Agriculture of South Carolina, were the principal speakers at the second session of the Good Roads Congress. M. P. Eldridge, of the United States Department of Agriculture, gave a lecture illustrated with stereopticon views, showing good and bad roads in different sections of the country.

At the afternoon session of the Peace Congress, Dr. George T. Winston, Dr. John Franklin Crowell and Dr. W. L. Pokat delivered addresses.

At the afternoon session of the Peace Congress a motion to apply for members for the North Carolina Peace Society in the National Practical Peace League caused Richmond Pearson Hobson to remark that several States in the West where he has recently been are awaiting the action of the North Carolina Society before joining the League. He stated further that the practical league was organized to carry into a National organization the idea of the North Carolina Society. Because of a difference of opinion on increased or reduced armament action was postponed.

DEMOCRATIC CAMPAIGN FUND

Increase Since Last Report—To Be
Published Today.

(By Wire to the Morning Star.)
Chicago, Oct. 14.—The campaign fund of the Democratic National committee and the names of all contributors of \$100 or over will be made public by Treasurer Herman Ridder in New York tomorrow. Since the publication last Thursday of the contributors of \$500 and over, together with the total amount of the fund then in the committee's treasury, there have been several larger contributions and the total amount is now about \$245,000. The publication of contributions of \$100 and over is in keeping with Denver platform.

After tomorrow the committee, each day, will publish the larger contributions. The bulk of the Democratic campaign fund has been raised by dollar contributions to the Democratic press. The largest single contribution which was made this week was \$10,000 from Tammany Hall.

(By Wire to the Morning Star.)
St. Louis, Oct. 14.—Colonel William F. Tucker Assistant Paymaster General of the United States Army, who was arrested at Decatur, Ill., on charge of wife abandonment, was today too ill at his apartments in the Southern Hotel to continue his journey to Hot Springs, Ark. Dr. Louis H. Behrens, the house physician said that Colonel Tucker was a very sick man, and that an attempt to move him might result fatally. Visitors were today excluded from the suite of rooms occupied by Colonel Tucker.

When Colonel Tucker was operated on at Mount Clemens a few weeks ago for a kidney disease, he refused to take anesthetics and insisted on watching the surgeons as they made the delicate and dangerous incisions. "I don't know whether I'm going to live through this," he remarked, "but I want to see how you fellows do it."

TRAIN BOILER EXPLODED

Engineer Pharr Killed and Two Others
Injured at Mayo, Va.

(By Wire to the Morning Star.)
Danville, Va., Oct. 14.—Engineer James S. Pharr, of Lawrenceville, Va., was instantly killed, and Fireman Fred Smith and Charles E. Massie, were injured in the explosion of a boiler last night on an engine to a westbound freight train of the Atlantic and Danville division of the Southern Railway at Mayo, Va.

The train which was a double header, had stopped at Mayo for water, and Engineer Pharr was under the forward engine oiling it when a terrific explosion occurred. The engine turned over on him, crushing him to death. Fireman Smith was sitting in the engine and was blown through the top, landing about thirty feet away. The two injured men were brought to the hospital here.

POWERS TO CONFER; BALKAN SITUATION

International Conference Will be
Limited to Ratification of
Private Settlement.

MATTERS TO CONSIDER

Servian Minister Laying Case of Sur-
via Before Signatories of The Ber-
lin Treaty—The Conference is
Now Assured.

(By Cable to the Morning Star.)

Paris, Oct. 14.—It is believed here that the International Conference on the Balkan situation, which is now regarded as certain will be limited to the ratification of private arrangements. The matters to be settled between Turkey and the powers probably will be the recognition of the independence of Bulgaria and the annexation of Bosnia and Herzegovina as accomplished facts; the annexation of Crete to Greece through the intermediary of the four powers under whose protection Crete has been; the opening of the Dardanelles; the abandoning of the Austro-Hungarian tutelage over Montenegro, and if possible some sort of satisfaction to Servia. It is declared here in competent quarters that Great Britain provisional upon the consent of Turkey, is now ready to see the Dardanelles opened to certain of the powers. The Black sea is regarded as a Mare Clausum and Turkey's compensation from all quarters it to be largely financial.

M. Vesnitch, the minister to France, explained today that the purpose of M. Pachitch's visits to the various capitals was to lay the case of Servia before the signatories of the Berlin treaty. "We have decided to submit our claims to the powers," the minister said. "If we do not receive justice our people will become desperate. Our very existence as a race and people is at stake, and as our case rests upon National and not dynastic considerations we expect general sympathy, but particularly from America. "Civilization should not forget," the minister went on "that for eight centuries Servia stood as a barrier against the Tartar hordes from Turkey; yet we who first won our independence suffered the most by the Berlin treaty."

"Now that Austria-Hungary is in Bosnia and Herzegovina the menace comes from the German side. We ask only for assurance of our National existence and that our aspirations in the future be not killed. This could be accomplished by a slight modification of our Northern frontier and free access to our Montenegrin brethren and the Adriatic through the Sanjak of Novi-Pazar."

Agreement on Discussion.

London, Oct. 15.—According to what apparently is an inspired statement with regard to Russia's position, which appears in the Times this morning, a practical agreement has been reached by M. Iswolsky and Sir Edward Grey, under which the conference of the powers will discuss the question of compensation to Turkey, Servia and Monte Negro but the Dardanelles question will be left for separate negotiations later between Russia and Turkey.

Russia agrees with the western powers that the compensation given to Servia and Monte Negro should not be at Turkey's expense, and holds that it is to Europe's interest to facilitate in every possible way Turkey's heavy task in completing the constitutional reforms.

According to the statement Russia desires a revision of the agreement concerning the Dardanelles but does not wish to make the revision a part of the conference programme or to force it upon Turkey.

Bulgaria Refuses.

Paris, Oct. 15.—A special dispatch from Sofia to the Matin quotes the premier as saying that Bulgaria would refuse to make pecuniary compensation in return for recognition of her independence. "We have not proclaimed Bulgaria's independence," said the premier, "in order to ransom her for a sum of money. If we must ransom Bulgaria again we prefer that it be without blood."

Smyrna, Asiatic Turkey, Oct. 14.—Six British warships from Malta arrived this morning off the Island of Rhodes.

In most cases 'tis the kidneys,
Doan's Kidney Pills are for the kid-
neys.

Mrs. J. A. Boykin, 514 Princess St., Wilmington, N. C., says: "For a long time I was a sufferer from backache and rheumatic twinges in my limbs I could not stoop or lift without suffering severely and in fact I was in pain all the time. Nothing that I did seemed to give me any relief. When a friend told me about Doan's Kidney Pills, I decided to try them. I procured a box from Robert R. Bellamy's drug store, and soon after taking them could see that they were doing me good. The backache and rheumatic pains entirely disappeared and I felt much better in every way. I am pleased to recommend Doan's Kidney Pills to others."

TRIAL OF BANK OFFICIALS.

Former Officers of New York Insti-
tution Under Federal Indictment.
(By Wire to the Morning Star.)
New York, Oct. 14.—The first day of the trial of Charles W. Morse, former vice president and director of the National Bank of North America, and Alfred H. Curtis, former president of the institution, both of whom are under Federal indictment for violation of the bankers laws in the banks management, closed today with the work of selecting a jury practically completed. Although but twelve men will be sworn in, counsel for each side accepted eighteen tentative jurors at today's session of the United States circuit court, in which the trial was begun before Judge Hough. Sifting from among these the twelve men who will be definitely chosen, will occupy most of tomorrow morning's session after which taking of testimony will be begun.

JUDGE PARKER IN SOUTH.

Spoke Last Night in Nashville—Cam-
paign Speech.

(By Wire to the Morning Star.)
Nashville, Tenn., Oct. 14.—Alton B. Parker, of New York, spoke at the auditorium tonight. Mr. Parker today visited The Hermitage the home of Andrew Jackson.

In his speech tonight Mr. Parker vindicated and defended his own attitude and statements in the 1904 campaign and made a strong plea for the election of Mr. Bryan. The keynote of his talk was a demand for a corrupt practice act on the Federal statute. He denounced the corrupting influences of campaign contributions asserting that no belief was to be expected of the Republican party.
